## About us

Golden Future Secondary School is established to provide the experience for physical, intellectual, aesthetic, emotional, spiritual & Social Development of the child creative & education in an attractive and caring environment.

Thus enabling the child to hope with the growing challenges of life. Our basic Philosophy focuses on the satisfaction of child's inquisitive mind through concept clarity the personalized tender care stimulated the nascent mind to explore, understand learn & appreciate the finer aspects of life so that child is able to handle day to day situations without any stress thus giving him strong foundation for his success in life.

The early years of a child are important & hence, it is essential to have the right environment in the school to develop wholesome personality of the child in the coming years.

## Our Moto

"DISCOVER THE HIDDEN TALENT TO EXPOSE"

At Golden Future Secondary School (GFSS), we provide an educational experience in a dynamic learning environment. We recognize the unique, individual talents of each child and follow instructional approaches that suit in different abilities. GFSS promises to deliver quality education through innovative and multi dimensional techniques which allow children to understand and imbibe lesson completely and apply this learning in real life situation. We believe in the philosophy that each child is born with uniqueness of his own.

We try to make him aware of this intrinsic uniqueness & endeavour to instill a sense of self-confidence and self-belief in his own abilities so that he can implement his own ideas with conviction without fear of failure, to lead a successful life in his full potential

## Our Mission

It is our mission to create an environment which promotes awareness and development of the self, so that, individually and collaboratively, all students learn to make a positive contribution to society.

## Vision of GFSS

To create a school where children realise their potential to be useful, productive and socially responsible members in a global society.

## Our Values

Leadership with human touch to various levels, integrity, transparency and openness in all actions, innovation and pursuit of excellence in career education Address the needs of the students through career oriented initiatives. Strive to continuously improve our processes and Quality of deliverables.

## Message from

## Founder Director

Dear Parents/Students

We welcome you at Golden Future Secondary School Jalore, a name which is synonymous of excellence in education. We have created this school for the future of global leaders. Individuals who in the knowledge society can think globally and create a better world. At the same time they will also be able to intervene pragmatically on local issues to create a better India. Our Motto "Discover The Hidden Talent To Expose" Symbolizes our quest to be creative in all that we do. The challenge of learning, the challenge of addressing the issues of multiple intelligences and the challenge of technology, we meet all these in our unique way by creating conditions in the classroom which are unique for every child. Thus we respect the diversity among children so that their minds can wear the wings and fly.

We teach our children the power of silence and the power of love and oneness to awaken the genius within so that all problems are tackled in a unique manner. We have created a responsive campus with excellent support services to enhance the quality of pastoral care. Our collective aim is to create personalities which are global in spirit but Indian in their thoughts and action. We believe that a good school should promote humanity and the soft skills which go on to make a better world.

We began our journey on 01 July 2008 and the school was formally inaugurated on 01 May 2008 by Mr. Madanlal Bohra Social activist. We are always humbled by the thought that such onerous responsibilities have been entrusted to us. But the entire staff in the needs visionaries who can help in creation of a human and egalitarian society.

The complexities of modern existence are known to all. The easy out is to join the bandwagon which often means exploiting the system and our national wealth. Very few can rise above the narrow narrow self leadership to modern states. Our experiment with democracy though quite has yet many pitfalls. We in GFSS wish to take up the challenge to create a better world which means better leaders Educationists, Scientists, Scholars etc. I hope you will all join us in our endeavour.

## Franchise of I.L.M.

We are working with I.L.M. (Institute of Language Management) A Bangalore based organisation which focuses on developing the language skills of students with special emphasis on communication in English. ILM is the first organisation in India to be Accredited by NABET in the field of Teaching School/College students in communication English. We have tied up with this organization for the last two years for all over development of the students. We provide a Multi level recreational course in the art of language skills in English for the School children. This is an effective recreation all course in mastering the art of language skills.

## Collaboration with

WITH E-DAC

### YOUR CHILD GETS

- ❖ A Unique Learning Experience
- ❖ Concept Clarity & Retention
- ❖ Experiential Learning
- ❖ Regular Assessments
- ❖ Skill Development

E –DAC Learning System, the Fastest Growing K8 Curriculum Company in India Is complete learning solution for your children E-DAC not only caters to students retaining the Concepts but also helps them in child's future.

E-DAC learning System is a four fold process Of learning that takes a learner through various Stages of learning. The E-DAC approach is an Innovative and scientifically designed methodology Aimed at making learning a joyous, engaging, Experiential, meaningful and creative process For the learners.

E-DAC today is making a difference in the lives of More than 2, 00,000 learners and is associated with 500 + schools across in the country.

Golden Future Sec. School does employ CCTV surveillance equipment but solely for the purpose of deterring unauthorized trespass to school premises and criminal activity. It is not there to monitor pupils, parents or staff, nor to resolve behaviour issue, and accordingly governors have introduced a CCTV policy to ensure this. This policy can be found on the School website or from school office.

In summary, CCTV footage is only accessed when a crime or suspected crime has taken place and only by authority of the Principal, either following a request by the police or following approval by the Chair of Governors (Vice Chair or named Governor for HRD {Human Resource and Development} in the chair's absence.)

In all circumstance, the access and reasons will be reported to the governing body enabling Governors to monitor that the policy is being adhered to and to make any necessary changes to the policy. Staff and parents will also be informed when footage has been accessed (ensuring confidentiality is maintained) and of any resulting change to school policy.

# LINGUA CARNIVAL

## A Promotional Activity of communicative English

Recently we celebrated "Lingua Carnival-2017" on 23 Feb 2017. Lingua Carnival is a Unique kind of communicative English based activity GFSS has been doing intensive research in this field for the last two years on the demand of new generation and to fulfil the need of the hour. for this purpose we tied up with institute of language management at Bangalore. Now we are capable to present a real concept of English communicative skill. Which consists all skillful activities such as proper pronunciation phonetic accent, communication with body gesture, proper understanding of translation of regional language while speaking English. Creating English speaking environment at surrounding as well as in home also. We have created such environment of English speaking in our School that everyone can feel a sound environment of convent school. we hope that such opportunity should be provided to every child of 21st century.

## Annual Function Blossom

Every year we celebrate "Annual Function-Bollosom. We have a long custom/tradition in the function celebration we prepare our students for every function with the help of trained experts. from allover India, we appointed a regular music Instructor in the School. We conduct prayers and other assembly activities with musical atmosphere our students are trained in playing of musical instrument. We have all musical instrument for music classes. For any function we create musical atmosphere. We invite well educated and prominent scholars for functions as a cheif guest, special guest and guest of honour. We provide prizes and gifts to every participant in the function.

We have a long history in research of science. Every year we celebrant science day i.e. 28 February with science Exhibition at District level. We usually hire scholars for science based activity from out side of the state and from all over India. Recently we organized a District level Inter School Robotics championship in which Dr. Jitendra Kumar Soni (District Colletor) Jalore was our chief guest and who appreciated this unique kind of research based activity first time in Jalore. More than 500 students from all over the District participated in this championship. The certificates of merits were provided to all participants by Robo Trysts-2016 Robo Sapiens Technologies Pvt.Ltd.

## Robo-Tryst "Inter School Robotics Championship"

# Farewell Party

For 10th standard we give an excellent '**Farewell party**' 9th class students actively participate in this party and all arrangement are done by them. School also promotes their active role in such kind of celebration. Our learned staff give blessing to the 10th Class students for bright future.

## Hobby & Edutainment

As hobbies are gateway of learning, restore our lost energy, bring cheer, a street buster, Here, in GFSS we offer a wide range of choice where every student is encouraged to opt for at least 3 hobbies and 2 sports. These are conducted after hours by subject experts for an hour approximately on all days of the week. The accomplishments of the child is closely mentioned, assessed and appreciated as for some, hobbies may lead to lifetime career choice.

## Tours & Excursions

Trips and excursion are regular part of the school routine. Children are taken to various places nearby and far away from school. These trips help children to inculcate social responsibility and knowledge about the rich culture of our country. Local excursions and generally help 2 times in a month, while long tours are provisioned two times in a year i.e. in Winters, During these trips children are provided best transportation, food and security.

## Science Exhibition

Our annual Science Exhibition is a showcase of innovation, creativity, and scientific curiosity. Students from all grades participate, present their projects and experiments, and demonstrate their understanding of scientific principles. From robotics to environmental studies our Science Exhibition is a platform for our budding scientists to shine. Moreover, we take pride in our participation in the state – level science exhibition competition, where our students have consistently showcased their talent and innovation, Bringing accolades to our school.

## Quiz Competition

**Minds at Work:** The Battle of Brains – Annual Quiz Competition

**Knowledge Quest:** Trivia Titans Clash at Golden Future Secondary School

**Think Fast, Think Smart:** The Golden Future Secondary School Quiz Challenge where Curiosity Meets Competition: Annual Quiz Extravaganza

## Sports Week

Get ready to cheer for your fellow classmates during our exhilarating Sports Week! A celebration of sportsmanship, teamwork and healthy competition, Sports Week at Golden Future Secondary School is a much-awaited event. Students participate in a variety of sports and games, showcasing their athletic prowess and spirit. We are proud to announce that our athletes also compete at the state level, representing our school with pride and bringing home numerous victories and accolades.

# Graduation CEREMONY

The Graduation Ceremony at Golden Future Secondary School is a momentous occasion, marking the culmination of our students' academic journey. It's a time to celebrate achievements, memories and friendships forged over the years. With speeches, awards and heartfelt farewells, our Graduation Ceremony is a bittersweet but unforgettable event.

# GOLDEN FUTURE SECONDARY SCHOOL JALORE

ACADEMIC SESSION  
2023-24

FAREWELL PARTY  
CLASS 10th

## APPOINTMENT OF TEACHING STAFF

To ensure high - quality educations and better understanding of our students we appoint teachers from esteemed institutions like the Regional Institute of Education in Ajmer and Kerala, who are well-trained and can provide excellent academic support.

# POOL PARTY

Splash into fun and beat the heat at our annual pool party! Join your friends and classmates for a day of sun, music and laughter as we celebrate the end of the school year. With swimming, games and delicious snacks, our Pool Party is the perfect way to relax and unwind after a year of hard work.

At Golden Future Secondary School, we are committed to providing our students with a well-rounded education that goes beyond textbooks. Through these events and activities, we aim to nurture their talents, foster their creativity, and instill in them values of sportsmanship, teamwork, and lifelong learning. Come, join us at Golden Future Secondary School, where every day is an opportunity to learn, grow and succeed!

## "Open Conference of Parents-Teacher"

It is our custom to be clear in everything about our strength and Weakness about our success and failure about our fore future plannings for the active interaction and active Participation and discussion with the parents we organise open Conferences with parents in two times in academic session. First at the beginning of the session and Second at the end of the academic session. As a parents you are your childs first and most important teacher you and your child's school have something in common. You both want your child to learn and do well. when parents and teacher talk to each other each person can share important information about your child's talents and needs. Each person can learn some thing new about how to help your child. As parents you may ask the following questions about your child in this open conference.

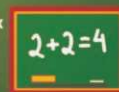

1. What area is she/he best at?
2. Is she/he working to the best of his/her ability?
3. Does she/he comprehend what she/he needs?
4. Are there any areas she/he finds difficult?
5. Do you have any suggestions as to what I might do at home to help?
6. Does she/he participate in class?
7. How does she/he relate to others in the Class?
8. Does she/he relate to others in the class?
9. How does she/he compare with the rest of the class?
10. Is/she/he coping with the particular subject level.

## Glimpse

### Teacher's Training Programme

We know very well that education of a child lies in the hands of a very prominent, diligent and dedicated teaching staff. We have observed this phenomena and for better creation and updateness we arrange "Teacher Training Programme" time to time. Teachers are trained with latest teaching technique and updated teaching skills. We mainly focus on the improvement in communicative language skill in Teacher Training Programme. Recently we hired "Veta English Spoken Private Ltd" for Teachers's English Spoken Training Programme 2019 and E-Dac trainer.

## New Concept with Research in "Education"

First time in Jalore we adopted split brain research conducted by Br. Rogan Sperry that won him the Nobel Prize in 1981 proved that our brain is divided in 2 hemispheres; each with different function. This research was further advanced by Ned Hermann, a pioneer in exploring explaining and expanding the understanding of the brain as a four quadrant system. He demonstrated how individuals use of prefer one, more or all four brain quadrants his approach to brain balance was to use and exercise the weaken quadrants his approach to brain balance was to use and exercise the weaker quadrants though live in person games, small group processes and discussions.

Form conception on the human brain grows at an exponential rate. By the age of 6 the brain development is 80-90% complete. This age 0-6 is the golden time for brain development due to its immense till age 3, post which the left brain begins to function. But as the child grows in the traditional system the left brain starts to dominates over the right. The whole brain development approach we look forward to being your ally in creating a system where in the student is happy to learn.

**Our School Adopted Digital Classroom to Digitise the entire curriculum in the form of Pictures, Video Animations & 3D Graphics**

**Our Teacher make learning fun and interesting**

The audio-visual format has made learning interesting clear and easy, and has enabled students to understand difficult concepts of all the subjects easily. It has made Classroom teaching very interactive.

Visit Our School Website for more information: [www.gfssjalore.org](http://www.gfssjalore.org)

GFSS Conduct weekly mentor wise/Class wise competition on every saturday spanning across various fields to take the students beyond their limit individually and as a team. Dance & Vocal Music Training

# Co-Curricular Activities

We have attained fame and name in the field of co-curricular activities in all over Jalore district. You know this is the only School in Jalore which organized summer camp for the first time we also conducted art & craft Workshop, Our musical classes are regular. Our students are now able to play musical instrument sing prayers, group song, national song and national anthem on their own. We have also made arrangement for those students who want to take extra music lesson's after school hours. If parent's are interested they can send their wards to attend music classes.

# Summer Funk

We have a long history in the field of Cultural & Co-curricular activities. Every year we organise Summer Funk (Summer Camp) in summer vacation. We include many Cultural and Co-Curricular activities in this camp such as summing, Dancing, Singing Vocal-Music, English spoken, Abacus Mental Maths. Summer camp is absolutely training oriented programme. We hire prominent trainers from all over the country for this training programmes. Our learned and diligent teaching staffs always dedicated for student's all over development. The motto of our teaching is based on practical education. We believe in innovative and Creative training of the child. We provide creative training during this Summer Camp.

# Kids World of the GFSS, Jalore

Pre School education is imparted in KIDS CORNER at the viz. Play group, Nursery, LKG and UKG. At there formative Stage child emphasis is laid on learning cognition effectivity & conation. Children are-provided increasing opportunities to see, hear recognize and understand in a free environment. They learn to speak and listen to language natural interactive setting.

Ample scope is offered to children for the development of useful skill concering identification, classification, segregation, assimilation, match-making, etc. likewise they are given outlets to make drawings and count numbers informally so as to enhance their innate qualities of creativity.

With a view to promoting socialization and inculcating the feelings of social awareness, children are taught to mix up and interest with their fraternity to enable them learn to lessons of cooperation, teamwork, leadership, caring and sharing. Efforts are made to inculcate in them positive attitude, good habits and self-motivation. Such children not only be able to undertake a calculated risk but would also be able to steer through in life proving an asset for the society.

"We feel honoured to work with such a good team-children and adults.  
We are so proud to say we work at Golden Future Sec. School.

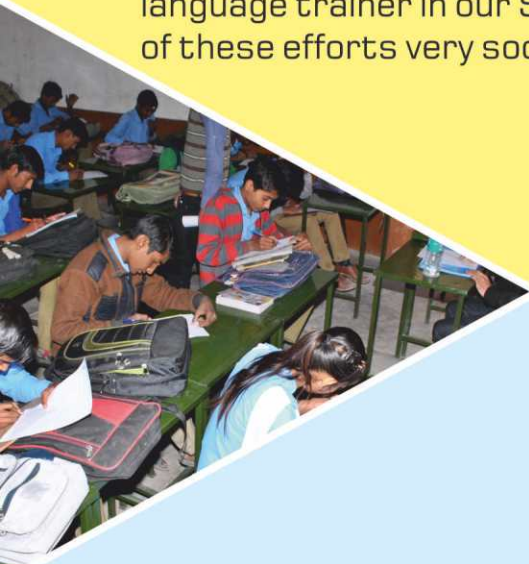

## Special Focus on English Spoken

We felt English spoken is the need today's world. We also tried our best in this field. We have many researches in this concept. we have tied up many English spoken companies such as Veta English spoken training institute in Delhi N.I.E.L. English spoken institute in Udaipur. Recently we have up with ILM (Institute Language Management) situated in Bangalore. We have also appointed a permanent English language trainer in our School. You will the result of these efforts very soon.

## Special Classes for Weak Students

Those students who are very weak in their study we have also made management for them. We have planned that Saturday will off day for intelligent so that our teacher's will be able understand their real problems. The list of weak student's has already been prepared form each-class. We are doing very hard in this field and you will see the result these efforts very soon.

## Special curriculum for play group to UKG classes

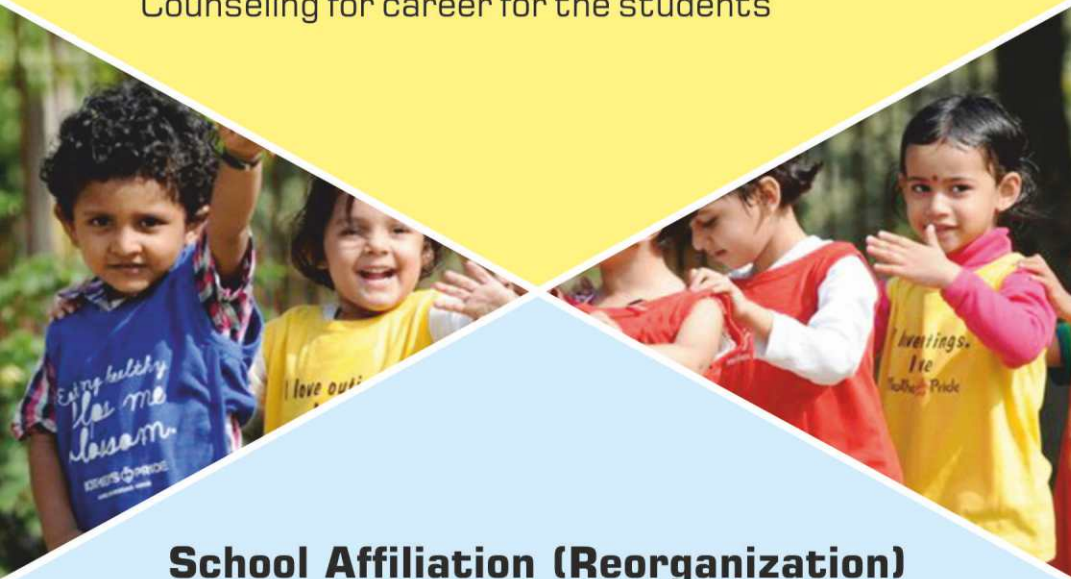

You will be very glade to know that we have accepted 'split' brain research conducted by Dr. Roger Sprerry according to him. Our brain is divided in 2 hemispheres each with different function. According to this theory we launched new curriculum from Play group to UKG class.

## Physical Training for the Students

For the physical development of the child school organises sports activities on Saturday as well as sports week is organized in yearly schedule also. We provide all facilities for indoor game as well as outdoor games. Usually our student's participate in District level sports and stated level sports activities and secure good position with Gold medals and Rewards.

## Our Competitive Views :

We have recruited highly qualified teaching staff who provide competitive views to the student's and prepare them for many competitive examinations such as N.T.S.E., S.T.S.E., J.N.V.S.T., Bharat Ko Jano Partiyogita usually. We conduct several school based competition such as Quiz contest, Puzzle formation contest I.Q. Test contest etc. All students actively participate in these activities. Counseling for career for the students

## School Affiliation (Reorganization)

At present our School's affiliated with Rajasthan Board of School Education Ajmer. But have planned for C.B.S.E. Board in coming academic session. Our educational system is totally based on C.C.E. concept according to the National curriculum frame work 2015 & the NCF 2023 Follow the guidelines and recommendations of National Education Policy 2020.

## School Timing

According to the suggestions given by many parents we have changed school's timing a special time frame is made to play group to UKG classes. Now a days our school manage separate transportation facilities for Play group to UKG classes for these classes our school timing is from 09.00 am to 12.00 Noon. In this period of these hours we have excellent management for first hour from 9.00 am to 10.00 am will be used for totally activity based learning, second hour from 10.00 am to 11.00 am will be for simple subjects learning and for lunch. The last one hour will be used in 'Learning by Doing activities'.

## School Infrastructure

It is well known to all that at present we have more than Eight hundred students. We manage this strength within three campus of the school. All the three campus have all facilities such as proper electricity, cooler facility airy rooms, inverter facility. We have planned for future to construct a single building in future.

## Beyond Academic for Bright Career

Golden future Secondary School is an excellent platform for beyond academic knowledge for Bright career.

In this Institute Students are guided for state and national level competitive examination. A separate arrangement is done for highly competitive examination such as NTSE, STSE, JNVSTP, SSTSE, Sainik School, Army School, Here we guide the

students from their foundation stage about these Aptitude Tests, We engage highly qualified & experienced teaching faculty for these examinations.

## Staffs Corner

We highly concentrated on hiring well qualified and experienced teaching faculty for our institute from all over the country. We conduct interview seminar for hiring teaching faculty at different reputed hotels. We engage highly senior faculty for interview jury to conduct interview & make a panel for every Academic session. We make a telephonic interview session also. We receive every resume and bio data on our authorized email- Id. You can visit our school. Authorized website or our registered mobile number for further information in this reference.

We provide an excellent Transport facility to the students of near by villages and towns. We have four buses and more than ten taxis for transportation. We have appointed bus attendant for every bus to facilitate the students while picking up and dropping the students. Our School buses are equipped with CCTV cameras and speed Governing system. Our school buses are lashed with school software which guides the students about their destination. Parents can make their regularly connectivity with their wards during travelling and at school with the help of our school software.

## Transport Facility

## Ascent Golden Mission

It is our mission to create an environment which promotes awareness and development among the students individually and collaboratively. We want to come with a new concept in education with our following aims and objectives:

1. We believe that education is service to society, our mission is to create an environment to educate for empowerment and enlightens.
2. We Should strive to make our school a place where each child's potential is developed to the optimum. So that we may reach the goal of excellence in the competitive world.
3. We recognize the critical importance of taking ownership our learning. We seek to learn from the full range of our experience to be open to new experiences and new ideas to continuously purpose excellence.
4. We value of differences of opinion and perspectives and are open to respect full dialogue about these differences central to the on going. learning process.
5. We commit ourselves to participates in community services and volunteer activities both in and outsides of the Campus.
6. We aim to create a positive and inclusive campus culture celebration both the individual and cultural difference that make each one us unique and also the similarities, we build us together.
7. We are at developing stage new we need a active co-operation from society. So we invite all of those who want to be a part of this mission with their active co-operation and feelings of Social services.

# STUDENT'S VIEW ABOUT SCHOOL

PRACHI SUTHAR

KHUSHBOO SOLANKI

"My School is Special because it has special people in it".

VINIT AGRAWAL

JAYA KUMAWAT

# The Role of Parents

Children Education is tr-centric. So, Parents, Teacher & Students all are involved in education and their efforts shape their bright future, therefore parents and teachers must be involved in their progress.

Children make the most progress when parents are fully involved in their children's learning and we actively encourage parental "involvement". We aim to work in partnership with parents in the education of their children. It is important that children are happy and at ease with the education process. The more aware parents are of the work of the School.

We provide parents Consultation evenings and pupils' reports to give parents information and create the opportunity to discuss pupils' development and progress. The Governing body provides a School profile that can be accessed through either the internet or from the Office. Our Open Day gives parents and other interested persons the opportunity to view the school as a working environment. The parents who wish to raise any matters, particularly those of an urgent nature, they are encouraged to approach the class teacher first, unless the issue is of a more general nature, when the parents should contact the Principal.
